winner of the harold adams innis prize politics and ideology in canada examines a period of crucial historical change in canada beginning in the mid 1970s when the crisis of the keynesian welfare state precipitated a transition to a new political order based on the progressive downsizing of state involvement in the economy and society using class and ideology as key concepts michael ornstein and michael stevenson examine this transition in terms of the nature of hegemony and hegemonic crisis and the conditions of political order and instability these concepts guide the interpretation of three large surveys of representative samples of the canadian public and two unique elite surveys conducted between 1975 and 1981 the surveys cover an exceptionally broad spectrum of political issues including social programs civil and economic rights economic policy foreign ownership labour relations and language issues and sovereignty a wide ranging analysis of public and elite attitudes reveals a hegemonic order through the early 1980s built around public support for the institutions of the canadian welfare state but there was also widespread public alienation from politics public opinion was quite strongly linked to class but not to party politics regional variation in political ideology on a broad range of issues was

less pronounced than differences between quebec and english canada much deeper ideological divisions separated the elites with a dramatic polarization between corporate and labour respondents state elites fell between these two though generally more favourable to capital the responses of the business elites reveal the ideological roots of the mulroney years in support for cuts in social programs free trade privatization and deregulation

first published in 2004 the most striking change in british politics during the seventies and early eighties was the undermining and then the end of the post war british consensus that consensus had been long in decline before the final seals were set by mrs thatcher s victories in 1979 and 1983 the consensus and the end itself had profound effects on the british polity they unsettled the distribution of power within the political parties and hence the working of the institutions of the government the direction of economic policy the character of local government and relations between government and interest groups were transformed what accounts for the ending in the mid 1970s of the policy consensus which characterised british politics for most of the post war period the essays in this collection seek to explore the causes and some of the consequences of this breakdown
