brings together piercing analyses of the american presidency dealing with both current issues and historical events the compendia consists of the combined and rearranged issues of the journal white house studies with the addition of a comprehensive subject index preface

investigates charges that psychological testing of civil servants by federal departments and agencies invades their right of privacy

a book entitled the presidential character is more timely and necessary than ever this new issue of james david barber s classic work appears almost 50 years after its first publication and yet reads like a roadmap to the 2020 presidential election its subtitle predicting performance in the white house is an apt reflection on the election of 2016 with a revised and updated foreword by george c edwards iii that brings in the trump administration this book argues that patterns in a person s character world view and political style can allow us to anticipate his or her performance as president how would barber have categorized donald j trump who appears to defy every presidential type and norm this question suggests one of the most provocative and appealing reasons for students scholars and voters to re read the presidential character at this particular juncture what should we look for in a president this text offers explanations and predictions of the performance of past presidents and presidential candidates with many cautionary tales looking forward features presents a revised and updated foreword by presidential scholar george c edwards iii distinguished professor of political science at texas a m university that includes the advent of the trump administration and highlights the book s classic and enduring contributions includes predictions of presidential performance from nixon to bush analyzes the media s role in providing information about the political candidates and in shaping public opinion of them draws on historical biographical and psychological research to help voters make judicious choices in determining the country s highest leaders encourages citizens to be actively involved scholars critics and participants in their government

the voting rights act of 1965 which originally was intended to prohibit barriers to black registration and voting has been hailed as a triumph for civil rights and as a catalyst for the election of minorities to public office in both the deep south and the urban north to advance its objective federal courts instructed many cities to change from at large to single member district electoral systems as a way to ensure that minorities had a reasonable chance to elect representatives of their choice in the first book to critique the implementation of this landmark legislation in a major american city ruth morgan examines its effect on local governance over forty years in dallas and shows that it had unintended consequences for racial politics representation and public policy breaking from studies that measure the success of the vra in terms of increased minority representation morgan assesses the consequences of the act for dallas city government and for the wider interests of minorities as well while endorsing the original intent of the vra morgan believes that this intent was subverted by subsequent amendments to the act and by the courts attempts to advance the political standing of particular minority groups she argues that court imposed single member districts have created in dallas a city council infected with parochialism and careerism a result of members no longer having to compromise to win citywide votes and have had an adverse impact on governmental effectiveness and voter turnout with corruption and cronyism now rampant voting rights legislation and litigation have ultimately failed to fulfill the hopes and aspirations of the unempowered and the district system has created an incentive for continued racial separation governance by decree offers a pointed assessment of the complexities and contradictions produced by the voting rights law while at the same time calling for the federal judiciary to exercise restraint in imposing its will when it lacks the capacity to make choices that are inherently political morgan s powerfully argued case study should inspire much debate and inform forthcoming congressional deliberations over the renewal of the preclearance section of the vra in 2007

updated to include the first six months of the second clinton term this work focuses on how presidents govern and fulfil their many obligations both in washington and beyond the authors also analyze the institution the individuals who have served and their

interaction with the public

lyndon johnson when it comes to his role in the vietnam war is popularly portrayed as an irrational hawkish leader who bullied his advisers and refused to solicit a wide range of opinions that depiction david barrett argues is simplistic and far from accurate

harry truman s administration began searching for an american response to the clash in indochina between french colonialism and vietminh communism in 1945 thirty years and five administrations later gerald ford and his aides tried unsuccessfully to solicit additional aid for south vietnam from a reluctant congress for truman ford and every american leader in between the dilemma in vietnam hung ominously over the presidency in shadow on the white house seven prominent historians examine how the leadership of six presidents and an issue that grew into a difficult and often unpopular war shaped each other focusing on the personalities politics priorities and actions of the presidents as they confronted vietnam the authors consider the expansion of presidential power in foreign policy formulation since world war ii in their analyses they chronicle the history of executive leadership as it related to vietnam assess presidential prerogatives and motives on war and peace issues and clarify the interconnection between the modern presidency and the nation s frustrating tragic and humiliating failure in southeast asia although other histories have been written about the vietnam experience this book is the first systematic and comparative survey on presidential leadership as it relates to the war issue it is organized by presidential administrations giving a detailed examination of each president s decisions and policies based on the most recently opened archival sources the essays provide a framework on which to hang the kaleidoscopic events of the war amazon com

charles walcott and karen hult maintain that the organization of the white house influences presidential performance much more than commonly thought and that organization theory is an essential tool for understanding that influence their book offers the first systematic application of organizational governance theory to the structures and operations of the white house office using organizational theory to analyze what at times has been a rather ad hoc and disorganized office might seem quixotic after all the white house office exists within a turbulent political environment that encourages expedient decision making and every four to eight years it must be reinvented by presidents who have their own theories and preferences about how to organize a staff to serve their policy needs but walcott and hult argue that white house staffs are not simply puppets of presidential preference and style yes staff structures evolve primarily from presidents strategic responses to external demands but those structures in turn significantly influence how the executive branch perceives and responds to further demands the first part of their book lays out the theoretical argument the second examines white house outreach congressional liaison press relations personnel selection executive branch oversight and interest group and intergovernmental liaison the third focuses on white house handling of policy development and implementation the fourth analyzes staff structures that facilitate the operation of the presidency itself presidential writing and scheduling staff management and cabinet coordination the book concludes by identifying general patterns in the emergency nature and stability of governance structures in the white house original and instructive governing the white house provides a much needed primer on the inner workings of the white house staff and will be an essential volume for anyone studying the presidency

this new and important book highlights both the strengths and diversity of research in the field of personality and individual differences research emanating from australia and surrounding region this comprehensive book features both the major australian researchers in the field as well as up and coming writers who look set to have a major global impact this book is organised into themes which include i the development of

personality and individual differences ii personality perfectionism and stress iii leadership and personality iv personality in the workplace and vii cognitive dimensions of personality within these areas are discussions of narcissism psychopathy and attachment styles as well as Australian perspectives and findings relevant to major theories of personality such as the big five factor model the book will also be of interest to organisational psychologists interested in the impact of personality within the workplace and anyone interested in assessing personality and individual differences will find the theory and assessment section useful this book provides a unique insight into personality and individual differences from an Australian perspective

after the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan but Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy in this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter's presidency examining the significance of his administration within the context of evolving American policy choices after World War II they seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order by the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration as this volume demonstrates Carter's dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities while most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge these thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy they offer thoughtful assessments of Carter's performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration a final essay shows how Carter's public spirited post presidential career has made him one of America's greatest ex presidents grounded on research conducted at the Carter Library the Carter presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years it is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America

When people should go to the books stores, search initiation by shop, shelf by shelf, it is in reality problematic. This is why we give the ebook compilations in this website.
